Kevin Keith, Interim Director

ADDENDUM 001
REQUEST FOR BIDS/PROPOSALS
15w40 Re-Refined Engine Oil
2-100730RJ

Bidders should acknowledge receipt of Addendum 001 (ONE) by **signing** and **including** it with the original bid. The due date for receipt of proposals remains **unchanged** by this Addendum. Accordingly, the following clarifications, questions and answers are believed to be of general interest to all potential Bidders. All other terms and conditions remain unchanged and in full force.

1. The bid indicates specification # MGS-92-12k. It doesn't state whether this oil should be CJ-4 classified. Does it need to be? Also, does it matter what percentage of re-refined lubricating base oil makes up the product? **Answer: MGS-92-12k states in section 2.1.1 "The oil shall meet and be licensed by the most recent API service classification, as available from most suppliers, and shall be intended for crankcase lubrication of gasoline and diesel engines. To our knowledge, the most recent is the CJ-4 classification. The offered product must meet the MGS-92-12k technical requirements.**
2. Do you have to bid all the locations to be considered to receive this award? In other words can you fill out pricing on only the locations you want to service or will the pricing we submit need to cover all the locations. **Answer: Award will be made to a single vendor per district based upon low bid for all products requested. Respondents should only bid in those districts they wish to service. Delivery to the listed locations within a district is required.**
3. Does one company need to service (deliver) all the locations or can it be made up of several (more than one) different companies delivering the same product (@ the same price) to the various locations? **Answer: See Answer to question 2 above.**
4. Do we need to submit pricing for all package sizes to be considered for this award? In other words will you pick and choose the best pricing for all the listed package sizes? **Answer: Pricing for all sizes is desired. Respondents who only offer pricing for only a portion of the product sizes may not be awarded if it is determined to be in the best interest to award to a vendor who offered pricing for all product sizes.**
5. Will this bid take the place of the current bid for District 9? **Answer: This bid as well as many others contain a non-exclusivity clause. The results of this bid may or may not render an existing bid/contract void. The District has the option to purchase from the contract they feel provides the best pricing and service.**
